January 2020

- Ideated and presented a business workflow for providing Washer-man services efficiently in university hostels. Also, suggested community-driven delivery solutions throughout the university.

Projects

Canfirm App | React, Django

October 2021

- My team ideated and implemented a workflow in which internet users can prove their identity to any online service provider with Banks vouching for us.
- We have developed a web app that uses open banking APIs to acquire user data and verify it to the online service provider on the user's behalf.
- Only the identity attributes that are required will be shared, excluding the sensitive ones. Also, we employed a unique two-factor authentication method of facial recognition. .

E-Commerce Website | React, Django

February 2021

- Developed a full-stack web application using React frontend and Django in the backend with integrated payment gateway using Braintree API. Users can add purchases to the cart when signed in. Also, the admin has a custom authentication after which it can add/edit products and users.

Browser Extension | HTML, JavaScript

September 2020

- Developed a browser extension using Javascript for Students whose primary language is not English. Students can right-click on a word that they find hard on the web and instantly get its meaning.

Blockchain based Hospital Management System | Solidity

July 2020

- Kept immutable records and performed basic CRUD operations Made on Ethereum remix platform, using the Solidity programming language. Learnt rudimentary basic use of Ganache(Truffle suite) and about Web3.py

Booster Video Game | HTML5, Phaser.js

May 2020

- Developed an HTML5 browser-based 2D shooting game using phaserjs, a game development framework of Javascript. Created different scenes based on distinct requirements of the game.

Leadership / Extracurricular

Placement Cell, SOSET - GGV, Bilaspur | Member Representative

August 2021 – Present

- I find ongoing opportunities for peers and juniors, helping them in their placement journey. Check the resumes of candidates and suggest required changes. We organize events to motivate students to achieve better results.
